

## INNOVATION CENTER AND BUSINESS INCUBATOR

This “Innovation Center and Business Incubator” project is co-financed by the European Union, Ministry for Regional Development and Capital City of Prague

## Reliable partner of young and developing companies

**Innovation Center and Business Incubator** supports the establishment of new and development of young companies in the Prague region and its surroundings. Its activities are built on principles of corporate incubation, innovation support, using results of research and development in practice and on a complex system of services, simplifying the first steps for prospective companies.

Innovation Center and Business Incubator is a result of successful realization of a project going by the same name, which is supported by the European Fund for Regional Development within the Unified program document for Objective 2. Thanks to this project the obsolete factory shop was transformed into a modern design building, capacity of which enables to provide services of business support to up to 40 innovative companies in the Prague region.

Thanks to this renovation a total 2054 m<sup>2</sup> of leasable office and laboratory space were created, two meeting rooms, conference room with a capacity of 80 people and modern underground garage.

### What services can clients expect?

The spectrum of services provided by the Innovation Center and Business Incubator in Prague – Vysocany includes especially the lease of offices, laboratory premises and conference rooms. Part of the offer are complex business services, among which are business counseling, administrative and IT services, training in business skills and technological knowledge, help in making business contacts, or membership in the ICPI Club. Services are offered individually as well as in several customized programs for various groups of clients.

**Association Technology Innovation Centre ČKD Praha**, which operates the incubator, was established by three renowned organizations, which together form a strong team with the ability to support small and medium enterprises that are just starting or are newly introduced to the Prague region.

**ČKD NOVÉ ENERGO, a.s.** is one of the descendants of the traditional Czech Brand ČKD and is the leader of the alliance in matters of technological development of incubated companies.

**Energieteam Consult GmbH** is a German partner of the project, who brings to the project an international prestige and contacts, especially in the area of alternative energy resources.

**Technology Centre of the Academy of Sciences of the Czech Republic** has experience with incubator operation and is a reputable member of international networks for business support, technology transfers, or for General programs for science and research.

Important partners of the project are also The Prague Economic Chamber, Metropolitan District Prague 9, Electro-Technical Faculty ČVUT in Prague.

Irreplaceable is also the role of Capital City of Prague, which has significantly contributed to cover the financial costs of the project.
